WENTZ ADOBE LAMP

The objects from Adobe series were designed from a thin and continuous metal frame, balanced by a heavy marble block, which makes explicit the relation between the elements of the composition, as if each component would have an action over the other. The Adobe floor lamp diffused and subtle light can be used as a sculptural element and as a complementary interiors lighting, as well as next to chairs, sofas, bedsides or consoles which require direct light.

NAME
Adobe Lamp

DESIGNER
Guilherme Wentz

YEAR OF DESIGN
2016

TYPE
Floor Lamp

ENVIRONMENT
Indoor

MATERIALS
Steel, Marble, Blown Glass
