WENTZ
BAIXO
SOFA

Baixo (“low” in Portuguese) sofa proposes a new way of seating. It is an invitation to the casual comfort, closer to the floor. The organic structure is highlighted by the exclusive WE—KNIT® covering —made from recycled PET bottles — which allows the purity of forms by a seamless surface. The new version of the Baixo Sofa with generous depth invites for an even more relaxed seating.

WE—KNIT®

At WENTZ, design extends beyond form — it lives in the very fibers of each piece.
WE—KNIT® is our exclusive 3D knitting technology, developed to create flexible, seamless covers that mold perfectly to the structure, enhancing the purity of the design. This innovation allows each product to be conceived and completed with materials designed by Guilherme Wentz, offering a curated range of textures and tones that invite a deeper tactile and visual experience.
Here, fabric is not an addition — it is part of the creation itself.
