WENTZ
CANOA
LOUNGE CHAIR

Canoa ("canoe" in Portuguese) is a rocking armchair that rocks like the sea and evokes the feeling of being on the water. Its design is curved and sinuous, and its seat has a cozy angle, where the body lies almost lying down, relaxed and drifting. Being completely upholstered, the softness is extreme and guarantees comfort. The height allows the coming and going and the feet, close to the ground, give firmness to the rhythm — like two oars, they give fluidity or pause to rest. There is, also, calmness in the waters. The upholstery is covered by WE— KNIT® fabric — 3D fabric made from recycled PET bottles collected from the oceans.

WE—KNIT®

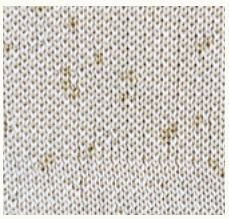

At WENTZ, design extends beyond form — it lives in the very fibers of each piece.
WE—KNIT® is our exclusive 3D knitting technology, developed to create flexible, seamless covers that mold perfectly to the structure, enhancing the purity of the design. This innovation allows each product to be conceived and completed with materials designed by Guilherme Wentz, offering a curated range of textures and tones that invite a deeper tactile and visual experience.
Here, fabric is not an addition — it is part of the creation itself.
