# WENTZ DOBRA BED

Dobra (“Fold” in Portuguese) was created from a natural gesture: the folding of a soft material. In each piece, a strength that respects the foam’s density is applied. It’s as if a big cushion was curved and paused in time. This way, the piece, a frozen arc movement, sustains its possible return to the original position. The original WE—KNIT® covering — made from recycled PET bottles — combines a tactile experience, with high resistance and sustainability.

NAME
Dobra Bed

DESIGNER
Guilherme Wentz

YEAR OF DESIGN
2021

TYPE
Bed

ENVIRONMENT
Indoor

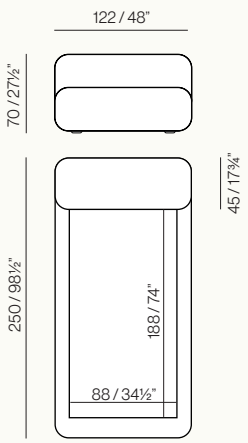

MATERIALS
Wood, Upholstery

TECHNICAL DESCRIPTION
Upholstered bed with wood structure, hypersoft foam and WE—KNIT® covering. Base in black painted wood. The Double, Queen and King versions are unassembled in two parts for easier shiping and handling.

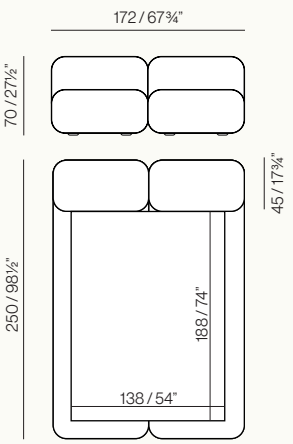

CERTIFICATES
US California Tech. Bull. 117

Dobra Bed - King

PACKAGING
Wood Crate
Dimmensions and weight variable to model/ size. Contact our team for more information.

MATTRESS HEIGHT

The height varies depending on the mattress used. Please consider that the mattress will be elevated 18cm / 7" from the floor. (In the drawing and photos: mattress 25cm / 10" high, resulting in a total height of 43cm / 17").

NOTE
Mattress not included.

# WE—KNIT®

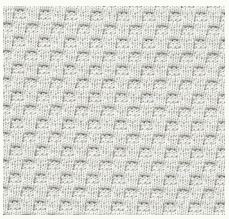

At WENTZ, design extends beyond form — it lives in the very fibers of each piece.
WE—KNIT® is our exclusive 3D knitting technology, developed to create flexible, seamless covers that mold perfectly to the structure, enhancing the purity of the design. This innovation allows each product to be conceived and completed with materials designed by Guilherme Wentz, offering a curated range of textures and tones that invite a deeper tactile and visual experience.
Here, fabric is not an addition — it is part of the creation itself.
