# LOUNGE CHAIR

The Tela lounge chair is a fusion of contemporary design and traditional Brazilian materials. The backrest weave is inspired by the classic cane woven pattern of the mid-century furniture. It was recreated in a larger scale and made with cotton thread for more comfort and durability. While the back emphasizes the pattern, the slim frame and molded seat have smooth details and curves with a contemporary design approach. Tela Lounge Chair seeks extra- comfort with a sleek structure, lightness and a tropical flair.

Available Upon Approval

Some WENTZ products may be upholstered with customer-supplied materials, as long as the fabric is first reviewed and approved by our factory and design team.

Please note that variations in fit, finishing, and overall aesthetics may occur depending on the material's characteristics.
For the most refined and reliable result, we recommend selecting from our exclusive range of fabrics, designed by WENTZ to complement each piece in both form and function.

NOTE
Natural materials are subject to color and texture variations. These characteristics are part of the product history and make every single piece unique.
