WENTZ TOCO STOOL

Toco is a reinterpretation of stools made from rustic wooden stumps.
The design celebrates the imperfection of the wood cracking, while the geometric shape reduces the object to its essence and the stainless steel suggests a contrast between "rustic" and contemporary design. The piece can be used both as a stool and a side table, indoors and outdoors.

NAME
Toco

DESIGNER
Guilherme Wentz

YEAR OF DESIGN
2023

TYPE
Stool / Side Table

ENVIRONMENT
Indoor and Outdoor

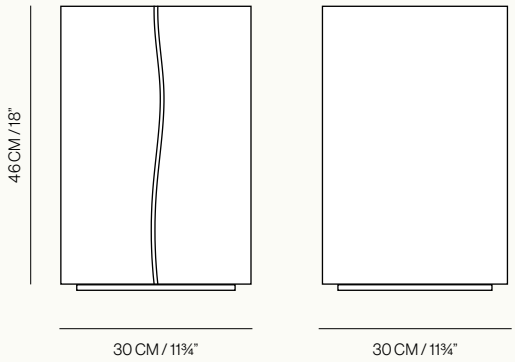

MATERIALS
Stainless Steel
