WENTZ TUBO CHAIR

The Tubo (“tube” in Portuguese) chair is a soft synthesis. In a sensorial and fluid path, the tube materializes a long and sinuous design that runs through the parts of the chair in a single breath. All upholstered in WE—KNIT® fabric— exclusive WENTZ technology that allows three-dimensional surfaces without seams

NAME
Tubo Chair

DESIGNER
Guilherme Wentz

YEAR OF DESIGN
2021

TYPE
Chair

ENVIRONMENT
Indoor

MATERIALS
Steel, Upholstery

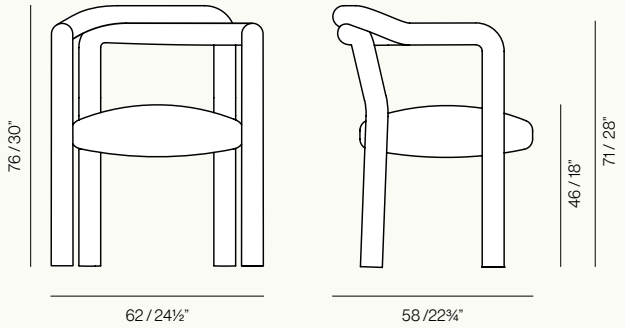

DIMENSIONS:
62 x 58 x 76cm / 24½” x 22¾” x 30”
Seat height: 46cm / 18”
Arms height: 71cm / 28”

NET WEIGHT
11,5kg / 25 lbs

TECHNICAL DESCRIPTION
Upholstered chair with steel structure and foam. Exclusive WE—KNIT® covering made in a tubular shape, making it seamless. Plastic tips fitted to the feet to prevent fabric friction against the floor.

CERTIFICATES
US California Tech. Bull. 117

DIMENSIONS

PACKAGING
Cardboard Box
Dimensions: 70 x 65 x 85cm / 28" x 26" x 33"
Gross Weight: 14 kg / 31 lbs

WE—KNIT®

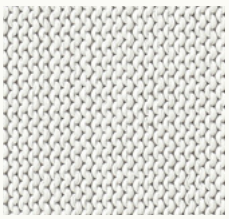

At WENTZ, design extends beyond form — it lives in the very fibers of each piece.
WE—KNIT® is our exclusive 3D knitting technology, developed to create flexible, seamless covers that mold perfectly to the structure, enhancing the purity of the design. This innovation allows each product to be conceived and completed with materials designed by Guilherme Wentz, offering a curated range of textures and tones that invite a deeper tactile and visual experience.
Here, fabric is not an addition — it is part of the creation itself.
